

...I would like become your MAYOR, to help lead this city into a direction for the benefit of all people within and around this city... I have lived in Thunder Bay for 30 years, am a father of one son... I can lead our new council to re discover the pleasures of a well-planned organizational structure, restore public health, safety and trust, rebuild the infrastructure, invite businesses back into our city along with innovative means to gain back respect and an all-inclusive trust our citizens can believe in...

Vote for the 'Plan Man'...and you will find better days ahead...

Elect for MAYOR

Wolfgang 'SCHOOR'

Besides my construction and community involvement, I have expended a great deal of time and many years attending various Universities...I studied the following bodies of knowledge:
Applied Ergonomics within the Building Sciences, Domestic Ergonomics, Environmental and Regional Planning, Canadian History including Indigenous Studies, Intellectual Property Law, the Applied Sciences within Social Engineering, Construction Technology and much more...
...I hope you get my point.

The 'plan man'

Wolfgang Schoor, BIS.CCS.,

We have faced local political and other nightmares for far too long... from the top-end of some of our city departments.

We have seen changes from a vibrant, healthy, safe and prosperous community, slipping and sliding into a problematic, unexpected, and volatile present.

The once safe city slipped into having the 3rd. highest crime rate in Canada on a per capita basis

Public health, public safety, drug abuse & alcohol related problems; lewd behavior, that does not adhere to long time established city and moral standards of appropriate behavior; 'lewd' is defined as indecent and obscene behavior including having sexual activities in public spaces.

We face a huge problem with, homelessness and shortages of affordable housing as a whole

We face high unemployment rates for good paying jobs, big and small businesses are struggling, others move away or shut down

Property tax and high-water rate issues are all very disturbing to the average taxpayer

Many of our citizens are afraid to move within our community and feel unsafe and helpless; and the list goes on and on...

WOLFGANG SCHOOR...

AS YOUR NEW MAYOR

My friends, I am not looking for financial support, however, if you would like a sign or a few brochures to hand out to your family, friends or people in general, please let me know. Thanks.

My desire is to resurrect Thunder Bay so that our young people don't move away due to lack of opportunity.

I have unmatched building and managerial experience, university, college and applied sciences education and skills to lead our city

- Have a university education akin to a master degree within the applied domestic ergonomics and the building sciences, from the University of Waterloo,

- Studied to prepare for a master degree in Regional and Environmental Planning for Livable Worldwide Winter Cities at University of Guelph and Waterloo, Ontario, Canada

- Studied a qualifying year to prepare for a master degree in Canadian History; Material Culture including Indigenous Studies and the North American Fur Trade at our Lakehead University, Thunder Bay, Ontario, Canada

- Studied at our Confederation College of Applied Arts and Technology, Construction Technology full and part time for 8 years, Thunder Bay, Ontario, Canada. I offer my education and problem-solving experience and skills to turn our city back into a safer and vibrant city. Vote for me as your MAYOR.
